

# INTEGRASPEC<sup>®</sup>

"The User Friendly ICF"

## FEATURE PROJECT

**Project:** Bishop Hamilton Montessori School      Ottawa, Ontario  
**Architect:** Edmundson Matthews Architects      Ottawa, Ontario  
**Engineer:** CJ Fox Engineering      Ottawa, Ontario  
**Contractor:** MP Lundy Construction Ltd.      Ottawa, Ontario  
**ICF Distributor / Contractor:** EMM Group      Ottawa, Ontario

**Features:** 6" IntegraSpec<sup>®</sup> wallsystem 10' high walls on 4' frost wall foundation style slab on grade, 6800 ft<sup>2</sup>.

**Benefits:** This school was built through the winter months, as are most schools for a September opening. IntegraSpec<sup>®</sup> was able to save the general contractor and school committee crucial dollars normally spent on "winter heating" associated with conventional construction. IntegraSpec<sup>®</sup>'s fast, accurate, construction met the contractor's construction schedule regardless of cold temperatures and assured properly cured concrete within the inherent two panels of EPS. Lower operating costs will also save the school countless dollars with less maintenance and super energy efficiency.

*"Our new school is quiet, energy efficient, functional, bright, and cheerful. Our maintenance costs are very low compared to our other school. IntegraSpec<sup>®</sup> is simply common sense construction."*

*- Elaine Hopkins, Principal*
